

USDA Export Verification (EV) Program Specified Product Requirements for Bovine - Taiwan

1 Purpose

This document provides the specified product requirements which are in addition to the USDA Food Safety and Inspection Service (FSIS) regulatory requirements for marketing U.S. bovine meat to Taiwan.

2 Scope

These requirements apply to U.S. suppliers (slaughterers, fabricators, and processors) of bovine meat that is eligible for export to Taiwan as listed on the FSIS website.

Suppliers who produce products that have specified product requirements, in addition to the USDA FSIS regulatory requirements, must produce the eligible products under an approved USDA Quality System Assessment (QSA) Program. The requirements for the QSA Program are defined in *ARC 1002 Procedure, Quality System Assessment (QSA) Program*. The QSA Program ensures that the specified product requirements are supported by a documented quality management system.
